EXAMPLE ESSAYARGETED TASSPECIFIC CURRICULAR STRENGTH

I decided in highschool to become motion picture producer. Over past four years I have been engaged in earning all I could about the entertainment field. Quickly ealizing that the motion picture business is just that -a business-I choose tudy business, concentrating in finance. However, most of my free dectives have been devoted to film topics, including Film Exhibition and Distribution, Producer's Seminar, and least Directors. I have also produced and directed four films while in school, including a campus cultavorite, Tom Thumb, which parodies Top Gurusing grocery sackers instead of naval aviators. With the acting lent of several friends, equipment of SMU, and permission from Tom Thumb, Inc. (aregional chair of grocery stores) to film inside of one of their Dallas stores the fifty uinutestory of Maverick and cemanwas completed over two weekends for only 35. Another of my films, Commission hibit 885 is an animated, surrealistic book at Kennedy's assassination aided effects on the people and attitudes of the Sixties. This film as chose or The Dallas Show, compilation of works by Dallas rtists, and premiered at the Dallas Museum of Art.
