Conduct

The purpose of the University is to maintain a high standard of scholarship and of character. Students who will not work are not desired, and immoral conduct is not tolerated. A student whose conduct is found to be detrimental to the best interests of the student body may be requested to withdraw; in cases of flagrant misconduct or continued violation of rules and regulations, the penalty will be suspension or expulsion.

The faculty invites the cooperation of the Students' Association in the maintenance of high standards and, as far as practicable, relies upon student sentiment and student self-government for the enforcement of good conduct. All the actions of this Association are subject to review by the general faculty.

All forms of hazing are positively prohibited.

Every student agrees to leave the University and its neighborhood quietly and immediately when directed to do so by a constituted disciplinary authority of the University.

Dormitory Restrictions

It is the policy of the University to provide, as far as possible, for boarding students in its own dormitories, but students not required to live in the dormitories may secure board and rooms in approved private houses.
