As a result of the above, the University has a large number of students who are physically handicapped. These students are given special attention and help by the Department of Physical Education. The physical education program is designed to meet the needs of all students, regardless of their physical condition. The department offers a variety of sports and recreation activities, as well as individualized programs for those with specific disabilities. The goal of the physical education program is to help each student develop his or her full potential and to become an active participant in society.

The Department of Physical Education offers a wide range of courses, including:

1. General Education Courses: These courses provide basic knowledge and skills in various areas of physical education, such as:

2. Specialized Courses: These courses focus on specific areas of physical education, such as:

3. Advanced Courses: These courses are designed for students who have already completed the basic requirements and are interested in pursuing advanced studies in physical education.
